What's New?

Scorecard

- A link to the [Playbook](#) has been added, which takes you to the Playbook for that drug, if available. If a Playbook is not available, the link takes you to a page with the message "Playbook is not available." This link is only available for current quarter Scorecards.

Release Notes M23.2

Value Report

- The Value Report now includes a filter for Grandparent to allow you to view data at a higher level.

The screenshot shows the 'Value Report' interface. At the top, there are filters for 'Last Data Upload' (2/17/2023), 'Account Number' ((Blank)), and 'Account Manager' ((Blank)). Below these are dropdown menus for 'Member', 'Drug Type', 'Product', 'GPO Type', and 'Measure Period', all set to 'All'. A 'Reset Filters' button is also present. A 'Grandparent' filter dropdown is highlighted with a red box, showing options: 'All', 'Search', 'Select all', and '(Blank)'. Below the filters, there are tabs for 'Discounts' and 'Rebates & OID'. A table is visible with columns for '2021' (Q2, Q3, Q4, S1, S2, Annual, Total) and '2022' (Q1, Q2, Q3). A note states: 'Highlighted rebates are estimates only and pending verification by the manufacturer'.

Contract Playbook

- GPO Members now have access to Contract Playbooks in GPOconnect. Members can view published playbooks that they are eligible for. The Contract Playbooks summary page can be accessed through the Contract Playbook tile on the homepage or via the navigation menu in the top left corner of the homepage.

The screenshot shows the GPOconnect homepage. On the left, a navigation menu is open, with 'Contract Playbook' highlighted in blue. The main content area features a 'Contract Watchlist' section with a 'View All' button. Below this, there is a 'Contract Playbook' tile with a 'View Details' button. To the right of the tile, there is a notification for 'HIN changes requiring approvals' with a 'View and Approve' button. A calendar widget shows 'Today's date: Mon, 6 Mar 2023' and 'Quarter end date: Fri, 31 Mar 2023', with a '20 days left in the quarter' indicator.

Release Notes M23.2

- GPO Members can use the filters or search for the desired Drug Contract on the summary page. Once a Drug Contract is selected, Member Facing Information and Performance Rebate tables display. Contract Playbooks can be printed using the browser's standard print functionality.

The screenshot displays the AB GPOconnect interface. At the top, there is a navigation bar with the AB GPOconnect logo and user icons. Below the navigation bar, the main content area is titled "GPO Contract Playbook". A search bar is located at the top right of the main content area, with the placeholder text "Enter drug name". Below the search bar, there is a "FILTERS" section with dropdown menus for "GPO", "Drug Name", "Manufacturer", "Individual Measurement Type", and "Aggregate Measurement Type". There is also a "Delivery Mechanism" dropdown menu. Below the filters, there is a table of "Drug Contracts (23)". Below the table, there is a "Performance Rebate" section with a table of tiers. A detailed view of a contract is shown, including fields for "GPO Contract Playbook Name", "Brand Name", "Manufacturer", "Individual Measurement Type", "Individual Measurement Period", "Baseline", "Minimum", "ASP Based Pricing", "Temperature Condition", "Generic Name", "Delivery Mechanism", "Aggregate Measurement Type", "Aggregate Measurement Period", "Baseline Measurement Period", "Market Basket", "Discount", and "Rebate Calculation".
